

# Forest Park Estates Homes Association Roof Replacement Requirements

1. Fill out and submit the an [Architectural Modification Request Form](#) for roofing approval. Download the form from fpehoa.com.
2. Even if the roof you choose is on the list below you still must fill out and submit the Architectural Modification Request Form for approval.  
This is a requirement because the manufactures designs and specifications are always being updated and this list continues to be updated.
3. Prior to replacement the Architectural Mofification Form must be "Approved" by the Architecture Committee. Email to forestparkestates@live.com
4. The State of Kanas requires roofing contractors to be licensed, see list. <http://ag.ks.gov/in-your-corner-kansas/resources/roofing-registration>
5. The City of Shawnee suggests the contractor be Certified by the roofing manufacture. \*

\* Using a contractor who is not Certified by the manufacture may void the manufactures warranty.
